

Lucille C. Servidio, CHMM, TURP

Title Senior Vice President

Certifications -Certified Hazardous Materials Manager (CHMM)
-Toxics Use Reduction (TUR) Planner
-Massachusetts Wastewater Treatment Operator (Grade 4I)

Education -B.S., Environmental Science, Cook College, Rutgers University
-Medical Device Management Certificate Program, Worcester Polytechnic Institute
-Numerous additional seminars and short courses on topics of Hazardous Waste Management, Auditing, TUR planning and reporting and Environmental Management System (EMS) Auditing

Experience As Senior Vice President of the firm, Ms. Servidio is responsible for directing marketing and sales, building client relationships, and assisting in recruiting and retaining excellent staff. She has more than 28 years of experience with a specialty in environmental compliance including National Pollutant Discharge Elimination System (NPDES) permitting, hazardous waste management, Emergency Planning and Community Right-to-Know (EPCRA) reporting and TUR reporting/planning.

As a Senior Project Manager, she is responsible for overseeing hazardous waste management issues such as waste characterization, contingency plan development and training; stormwater permitting and stormwater pollution prevention planning; and EPCRA regulatory compliance including Tier 2 and Form R reporting, and TUR planning. She has been involved with the development of at least 25 TUR Plans for several industries (e.g., PWB manufacturing, electronic assembly, heat treating, steam/electricity generating, photochemical etching, biotechnology, life sciences), from facilitating the planning process to full plan certification.

Ms. Servidio has many years of experience in environmental compliance auditing and in assisting industry in finding solutions to its environmental concerns. She has conducted numerous environmental compliance audits covering the NPDES permitting, hazardous waste management, EPCRA reporting, and TUR planning and reporting. She currently serves in a technical review role when CAPACCIO conducts compliance audits.

Ms. Servidio spearheaded CAPACCIO's Environmental Management Program™ (EMP™) services. She currently oversees CAPACCIO's Environmental, Health and Safety (EH&S) staff who help guide companies with day-to-day EH&S compliance activities while working at client sites. Some tasks she oversees include: training staff in hazardous waste and materials management (DOT), oil spill prevention, control and countermeasures, and stormwater pollution prevention as well as routinely auditing the hazardous waste accumulation areas and researching and resolving complex environmental issues. In order to track each facility's regulatory compliance, Ms. Servidio oversees the development of customized lists of permits and reporting requirements and calendars to help keep clients on track with EH&S compliance tasks.

Memberships -Associated Industries of Massachusetts
-Environmental, Health and Safety Council
-495 Metrowest Partnership
-Marlborough Chamber of Commerce
-Massachusetts Medical Device Industry Council (MassMEDIC)
